Any such reapplication or request for clinical privileges shall be processed as an initial application, and the applicant shall submit such additional information as may be required to demonstrate that the basis for the earlier adverse action no longer exists. For purposes of this Section, the date of the final adverse action is the date all hearings, appeals and any court proceedings related to the adverse decision have been exhausted, complete and final or have been waived. If an individual withdraws an application for membership or privileges or relinquishes his/her membership or clinical privileges following an adverse recommendation by the Medical Executive Committee or Board of Trustees that was grounds for requesting a hearing pursuant to Article VIII, after the individual is on notice of a pending adverse recommendation, or during an investigation, the individual also may not apply for appointment or such clinical privileges until at least three (3) years after such withdrawal or relinquishment.

4.6-11 TIMELY PROCESSING OF APPLICATIONS

Applications for Staff appointments which have been deemed by the Medical Staff Services Department to be complete shall be considered in a timely manner by all persons and committees required by these Bylaws to act thereon. While special or unusual circumstances may constitute good cause and warrant exceptions, the following time periods provide a guideline for routine processing of applications.

- a. Evaluation, review, and verification of the application and all supporting documents within sixty (60) days from receipt of an application that is complete and includes all necessary supporting documentation.
- b. Review and recommendation by the Division Chief and the Chair of the Department(s) within thirty (30) days after receipt of all necessary documentation from the Medical Staff Services Department.
- c. Review and recommendation by the Credentials Committee within forty-five (45) days after receipt of all necessary documentation.
- d. Review and recommendation by the Medical Executive Committee within sixty (60) days after receipt of all necessary documentation.
- e. Final action of the Board of Trustees within sixty (60) days after receipt by the Board of Trustees of all necessary documentation or within fourteen (14) days after the conclusion of proceedings under Article VIII.

The failure to meet these time periods shall not confer any rights to appointment or privileges upon an applicant.

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

4.7 REAPPOINTMENTS AND REQUESTS FOR MODIFICATIONS OF STAFF STATUS OR PRIVILEGES.

4.7-1 APPLICATION

- a. At least three (3) months prior to the expiration date of the current staff appointment (except for temporary appointments), a reapplication form developed by the Credentials Committee and approved by the Medical Executive Committee shall be mailed or delivered to the Member. If a completed application for reappointment is not received at least sixty (60) days prior to the expiration date, notice shall be promptly sent to the applicant advising that the completed application has not been received and that the Member will have only an additional thirty (30) days to submit a completed application. The reapplication form shall include all information necessary to update and evaluate the qualifications of the applicant including, but not limited to, the matters set forth in Section 4.6-1, as well as other relevant matters. Should the Member's tardiness result in the Medical Staff's inability to process the application through all the evaluation and approval levels up to and including final action by the Governing Body, automatic suspension will occur as set forth in Section 4.7-5. On receipt of the application, the information shall be processed as set forth commencing at Section 4.6-3.
- b. A Medical Staff member who seeks a change in Medical Staff status or modification of clinical privileges may submit such a request at any time except that such request may not be filed within one (1) year of the time a similar request has been denied but may not be filed three (3) years if Section 4.6-10 applies. A request by a member for a modification of clinical privileges may be made at any time, but such requests must be supported by documentation of training and/or experience supportive of the request. Such applicant shall have the burden of producing information for an adequate evaluation of the applicant's qualifications and suitability for the change requested, of resolving any reasonable doubts about these matters, and of satisfying requests for information. If the request is incomplete, the incomplete request shall be written and not processed.

4.7-2 EFFECT OF APPLICATION

The effect of an application for reappointment or modification of Staff status or privileges is the same as that set forth in Section 4.6 except that the recommendations of the Department Chair shall be sent directly to the Medical Executive Committee for action on all Level 1 reappointment applications. Department Chair recommendations regarding Level 2 reappointment applications will be sent by the Department Chair to the Credentials Committee prior to submission to the Medical Executive Committee. Level 1 and Level 2 criteria are described in **Medical Staff Policy and Procedure: Reappointment Levels.**

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

4.7-3 STANDARDS AND PROCEDURE FOR REVIEW

When a Staff member submits the first application for reappointment, and at every subsequent reappointment, or when the member submits an application for modification of staff status or clinical privileges, the member shall be subject to an in-depth review generally following the procedures set forth in Section 4.6-3 through 4.6-11. In each such instance, the member's eligibility for Medical Staff membership as set forth in Article II, and the member's eligibility for assignment to a category of the Medical Staff as set forth in Article III, shall be determined.

4.7-4 TIME-LIMITED APPOINTMENT

If an application for reappointment has not been fully reviewed by the expiration date of the member's appointment, the staff member shall maintain membership status and clinical privileges until such time as the review is completed unless the delay is due to the member's failure to timely complete and return the reappointment application form or provide other documentation or cooperation. The time-limited appointment pursuant to this section does not create a vested right in the member for continued appointment through the entire next term but only until such time as review of the application is concluded. If processing of the application is delayed due to a member's failure to timely complete and return the reappointment application form or provide other documentation or cooperation, the matter will be handled as described in Section 4.7-5.

4.7-5 FAILURE TO FILE REAPPOINTMENT APPLICATION

Failure without good cause to file, on or before the date specified by Medical Staff Services, a completed application for reappointment shall result in the automatic suspension of the Member's admitting privileges, effective immediately pending receipt of either (a) the completed application, or (b) a notice of resignation of membership and privileges effective as of the expiration of the current appointment. Additionally, the Member shall be assessed a late fee in an amount as determined by the Medical Executive Committee for all reappointments submitted beyond the specified date. Failure to submit a completed application for reappointment with all supporting or requested documentation by the expiration of the current appointment period shall result in the automatic expiration of the Member's Medical Staff membership and all Clinical Privileges. If an application was submitted but there is good cause to excuse the failure of the application to be complete, the Medical Executive Committee may recommend a short-term reappointment, with the approval of the Governing Board. No member has a right to a short-term reappointment or the procedures in Article VIII to challenge the refusal to excuse a delay. In the event membership expires for the reasons set forth herein, this will not be considered an adverse decision regarding reappointment and the procedures set forth in Article VIII shall not apply.

4.8 LAPSE OF APPLICATION

If a Medical Staff member requesting membership, clinical privileges, renewal of existing privileges or modification of clinical privileges or department assignments, fails to furnish the

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

information necessary to evaluate the request in the time frame as established in these Bylaws, the application shall automatically lapse and the applicant shall not be entitled to a hearing as set forth in Article VIII.

4.9 LEAVE OF ABSENCE

4.9-1 LEAVE STATUS

At the discretion of the Medical Executive Committee, a Medical Staff member may obtain a voluntary leave of absence from the staff on submitting a written request to the Medical Executive Committee stating the approximate period of leave desired, which may not exceed one (1) year. During the period of the leave, the member shall not exercise clinical privileges at the Health System, and membership rights and responsibilities shall be inactive. Except for members on military leaves of absence who are excused from paying dues or submitting applications for reappointment while on military leave, a member who is on a leave of absence must pay dues, if any, and timely file an application for reappointment, unless waived by the Medical Executive Committee upon a showing of good cause. There is no right to a waiver.

4.9-2 TERMINATION OF LEAVE

At least thirty (30) days prior to the termination of the leave of absence, or at any earlier time, the Medical Staff member may request reinstatement of privileges by submitting a written notice to that effect to the Medical Executive Committee. All applicants for reinstatement shall demonstrate their continuing qualifications to exercise their clinical privileges to the satisfaction of the Medical Executive Committee. The Staff member shall submit a summary of relevant activities during the leave, if the Medical Executive Committee so requests. If the member would have been required to submit an application for reappointment during such a leave, the member must submit a completed application for reappointment. The Medical Executive Committee shall make a recommendation concerning the reinstatement of the member's privileges and prerogatives following the procedure provided in Sections 4.1 through 4.5-11.

4.9-3 FAILURE TO REQUEST REINSTATEMENT

Failure without good cause to request reinstatement or to submit information or documents requested to process the request shall result in automatic termination of membership, privileges, and prerogatives. In the event membership terminates for the reasons set forth in this paragraph, the procedures set forth in Article VIII shall not apply. A request for Medical Staff membership subsequently received from a member so terminated shall be submitted and processed in the manner specified for applications for initial appointments.

4.9-4 MEDICAL LEAVE OF ABSENCE

The Medical Executive Committee shall determine the circumstances under which a particular medical staff member shall be granted a leave of absence for the purpose of

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

obtaining treatment for a medical condition or disability. In the discretion of the medical executive committee, unless accompanied by a reportable restriction of privileges, the leave shall be deemed a "medical leave" which is not granted for a medical disciplinary cause or reason.

4.9-5 MILITARY LEAVE OF ABSENCE

Requests for leave of absence to fulfill military service obligations shall be granted upon notice and review by the medical executive committee. Reactivation of membership and clinical privileges previously held shall be granted, notwithstanding the provisions of Sections 4.7-2 and 4.7-3, but may be granted subject to monitoring and/or proctoring as determined by the medical executive committee.

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

ARTICLE V CLINICAL PRIVILEGES

5.1 EXERCISE OF PRIVILEGES

Except as otherwise provided in these Bylaws, a Member providing clinical services at this Health System shall be entitled to exercise only those clinical privileges specifically granted. Said privileges and services must be Health System specific, within the scope of any license, certificate or other legal credential authorizing practice in this State and consistent with the Medical Staff Bylaws, Rules and Regulations, Medical Staff and Health System Policies and Procedures and Health System policies and procedures that have been approved by the Medical Executive Committee.

5.2 DELINEATION OF PRIVILEGES IN GENERAL

5.2-1 REQUESTS

- a. Each application for appointment and reappointment to the Medical Staff must contain a request for the specific clinical privileges desired by the applicant. Independent Advanced Practice Providers who seek to exercise independent clinical privileges must specifically delineate the privileges requested. Subject to applicable waiting periods specified in the Article IV, a request by a member for a modification of clinical privileges may be made at any time, but such requests must be supported by documentation of training and/or experience supportive of the request.
- b. Each department is responsible for developing criteria for granting clinical privileges.
- c. The burden of providing sufficient information to evaluate a request for privileges rests with the applicant. The provisions of 4.2 apply to requests for privileges.

5.2-2 BASIS FOR PRIVILEGES DETERMINATION

- a. Requests for clinical privileges shall be evaluated on the basis of the member's education, training, experience, current licensure, demonstrated professional competence and judgment, clinical performance, current health status, and the documented results of patient care and other quality review and monitoring which the Medical Staff deems appropriate. Privilege determinations may also be based on pertinent information concerning clinical performance obtained from other sources, especially other institutions and health care settings where a member exercises clinical privileges.

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

- b. No specific privilege may be granted to a member if the task, procedure or activity constituting the privilege is not available within the Health System despite the member's qualifications or ability to perform the requested privilege.

5.2-3 CRITERIA FOR “CROSS-SPECIALTY” PRIVILEGES WITHIN THE HEALTH SYSTEM

Any request for clinical privileges that are either new to the Health System or that overlap more than one department shall initially be reviewed by the appropriate departments, in order to establish the need for, and appropriateness of, the new procedure or services. The MEC shall facilitate the establishment of Health System wide credentialing criteria for new or trans-specialty procedures, with the input of all appropriate departments, with a mechanism designed to ensure that quality patient care is provided for by all individuals with such clinical privileges. In establishing the criteria for such clinical privileges, the MEC may establish an ad-hoc committee with representation from all appropriate Departments. Attention should be given to the education, training, and experience necessary to perform the clinical privileges in question, and the extent of monitoring and supervision that should be required.

5.3 ROUTINE FPPE / PROCTORING

5.3-1 GENERAL PROVISIONS

Except as otherwise determined by the Medical Executive Committee, all initial appointees to the Medical Staff and all members granted new clinical privileges shall be subject to a period of routine FPPE that includes proctoring. In addition, the Medical Executive Committee may require members to be observed or otherwise evaluated as a condition of renewal of privileges (for example, where a member has performed a procedure so infrequently that it is difficult to assess competency in that area), or whenever the Medical Executive Committee determines that additional information is needed to assess a practitioner's performance. Such required observation or evaluation that is not based upon identified concerns with a member's competence or conduct, but the lack of information to assess the member's competence or conduct, is not grounds for the procedures in Article VII. Each member or recipient of new clinical privileges shall be assigned to a department where performance on an appropriate number of cases as established by the medical executive committee, or the department as designee of the medical executive committee, shall be observed by the chair of the department, or the chair's designee, during the period of proctoring to determine suitability to continue to exercise the clinical privileges granted in that department. Proctoring shall also be subject to such rules and regulations or policies as the Medical Staff may adopt. The exercise of clinical privileges in any other department shall also be subject to direct observation by that department's chair or the chair's designee. The member shall remain subject to such proctoring until the Medical Executive Committee has been furnished with:

- a. a report signed by the Chair of the Department(s) to which the member is assigned describing the types and numbers of cases evaluated and the evaluation of the applicant's performance, including a statement that the applicant appears to meet

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

all of the qualifications for unsupervised practice in that department, has discharged all of the responsibilities of staff membership, and has not exceeded or abused the prerogatives of the category to which the appointment was made; and

- b. a report signed by the chair of the other department(s) in which the appointee may exercise clinical privileges, describing the types and number of cases evaluated and the evaluation of the applicant's performance and a statement that the member has satisfactorily demonstrated the ability to exercise the clinical privileges initially granted in those departments. The member shall continue to comply with FPPE requirements until the member is notified in writing that the member no longer is subject to FPPE.

5.3.2 FAILURE TO COMPLETE PROCTORING

- a. If an initial appointee fails within the time of provisional membership to complete the proctoring requirement in Section 5.3-1, or if a member exercising new clinical privileges fails to complete the proctoring requirement, those specific clinical privileges shall automatically terminate, and the member shall not be entitled to a hearing pursuant to Article VIII.
- b. If a member of the Provisional Staff fails to complete the proctoring requirement in Section 5.3-1 for all of the clinical privileges requested, that individual's medical staff membership shall terminate, and the member shall not be entitled to a hearing pursuant to Article VIII.
- c. If a practitioner fails to complete proctoring requirements because of quality of care concerns or any medical disciplinary cause or reason (as that term is defined in Business and Professions Code section 805), the failure will constitute a termination of the clinical privileges in question and the provisions of Article VIII shall apply.
- d. At the discretion of the Medical Executive Committee, a practitioner may be advanced from the Provisional category to another category of membership when the practitioner has successfully completed all core proctoring requirements as described on the Proctoring Requirement Form even if one or more of the proctoring requirements for advanced privileges has not been completed.

5.4 CONDITIONS FOR PRIVILEGES OF LIMITED LICENSE PRACTITIONERS

5.4-1 ADMISSIONS

Every patient admitted to the Health System shall have a history and physical examination completed by a physician or other Practitioner who has been determined by the Medical Staff to be qualified and competent to perform history and physical examinations and holds appropriate clinical privileges or practice prerogatives. Dentists, oral surgeons, podiatrists and clinical psychologists who are members of the Medical Staff but do not hold privileges to perform the history and physical exam, may only admit patients if a physician member of the Medical Staff holding such privileges

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

documents and conducts or directly supervises the admitting history and physical examination (except the portion related to dentistry, oral surgery, podiatry, or clinical psychology) and assumes responsibility for the care of the patient's medical problems present at the time of admission or which may arise during hospitalization and which are outside the limited license practitioner's lawful scope of practice.

If a history and physical examination is performed by a Practitioner authorized to perform such examinations by the Medical Staff but who is not a Licensed Independent Practitioner, the history and physical examination must be reviewed and authenticated within 24 hours of admission by a Licensed Independent Practitioner who has been authorized by the Medical Staff to perform history and physical examinations.

5.4-2 SURGERY

Surgical procedures performed by dentists and podiatrists shall be under the overall supervision of the Chair of the Department of Surgery or the Chair's designee.

5.4-3 MEDICAL APPRAISAL

All patients admitted for care in the Health System by a dentist, podiatrist or clinical psychologist shall receive the same basic medical appraisal as patients admitted to other services, and a physician member shall determine the risk and effect of any proposed treatment or surgical procedure on the general health status of the patient. Where a dispute exists regarding proposed treatment between a physician member and a limited license practitioner based on medical or surgical factors outside of the scope of licensure of the limited license practitioner, the treatment will be suspended insofar as possible while the dispute is resolved by the appropriate department chairs(s).

5.5 HISTORY AND PHYSICAL – COMPLETION OF:

- a. Histories and physicals can be conducted or updated and documented only pursuant to specific privileges granted upon request to qualified physicians and other practitioners who are members of the medical staff or have temporary privileges, acting within their scope of practice.
- b. Oral maxillofacial surgeons who have successfully completed a postgraduate program in oral maxillofacial surgery accredited by a nationally recognized accrediting body approved by the U.S. Office of Education and have been determined by the medical staff to be competent to do so, may be granted the privileges to perform a history and physical examination related to oral maxillofacial surgery. For patients with existing medical conditions or abnormal findings beyond the surgical indications, a physician member of the medical staff with history and physical privileges must conduct or directly supervise the admitting history and physical examination, except the portion related to oral maxillofacial surgery, and assume responsibility for the care of the patient's medical problems present at the time of admission or which may arise during hospitalization which are outside of the oral maxillofacial surgeon's lawful scope of practice.

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

- c. Every patient receives a history and physical within twenty-four hours of admission, unless a previous history and physical performed within thirty days of admission (or registration if an outpatient procedure) for the same diagnosis is on record, in which case that history and physical will be updated within twenty-four hours of admission. Every patient admitted for surgery must have a history and physical upon admission, unless a previous history and physical performed within thirty days prior to the surgery is on record, in which case that history and physical will be updated prior to surgery or a procedure requiring anesthesia.
- d. Every patient receives a history and physical no more than 30 days prior to, or within twenty-four hours of inpatient admission or registration, but prior to surgery or a procedure requiring anesthesia. For a medical history and physical examination that was completed within 30 days prior to inpatient admission or registration, an update documenting any changes in the patient's condition is completed within 24 hours after inpatient admission or registration, but prior to surgery or a procedure requiring anesthesia.

5.6 TEMPORARY PRIVILEGES

5.6.1 REQUIREMENT OF NEED AND DEFINITION OF CIRCUMSTANCES

- a. Temporary privileges may be granted for a limited period of time on a case-by-case basis when:
 - 1. there is an important patient care need that mandates an immediate authorization to practice; or
 - 2. in pendency of Medical Executive Committee and Board of Trustees action on a completed application
- b. Temporary privileges may therefore be granted in the following circumstances:

Pending Completion of the Credentialing Process: Temporary clinical privileges may be granted to an applicant while that person's application for medical staff membership and privileges is completed and awaiting review and approval of the medical executive committee or the board of trustees provided that the procedure described in Section 5.6-2 has been completed, and that the applicant has no current or previously successful challenge to professional licensure or registration, no involuntary termination of medical staff membership at any other organization, and no involuntary limitation, reduction, denial or loss of clinical privileges. When an emergency situation no longer exists, such Physician, dentist or podiatrist, and Advance Practice Professional must request the Privileges necessary to continue to treat the patient. In the event such Privileges are denied or he/she does not desire to request Privileges, the patient shall be assigned to an appropriate Member of the Medical Staff. This process shall begin as soon as the immediate disaster situation is under control, and shall meet the following requirements in order to fulfill important patient care needs:
 1. The medical staff identifies in writing the individual(s) responsible for granting disaster privileges.
 2. The medical staff describes in writing the responsibilities of the individual(s) responsible for granting disaster privileges.

The Medical Executive Committee may also recommend that the granting of additional privileges to a current Medical Staff member be made subject to monitoring in accordance with procedures similar to those outlined in Section 5.3-1.

Documentation of current privileges (granted, modified, or rescinded) shall be disseminated to the hospital to maintain an up-to-date listing of privileges for purposes of scheduling and monitoring to assure that practitioners are appropriately privileged to perform all service rendered.

6.2.2 CURRENT ELIGIBLE CATEGORIES

APPs, who practice in categories that have been accepted for admission to this Health System by the Board of Trustees, are eligible for appointment to APP status.

The Board of Trustees has approved the following categories of Independent APPs:

- a. Acupuncturist
- b. Audiologist
- c. Optometrist

The Board of Trustees has approved the following categories of Dependent Advance Practice Professionals:

- a. Nurse Practitioner

6.2-3 NON-ELIGIBLE CATEGORIES

An APP who does not have licensure or certification in an APP category identified as eligible to apply for practice prerogatives in Section 6.2-2 above may not apply for practice prerogatives, but may submit a written request to the Chief Medical Officer asking that the Board of Trustees consider identifying the relevant category of APPs

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

ARTICLE VII CORRECTIVE ACTION

7.1 CORRECTIVE ACTION

7.1-1 ROUTINE MONITORING AND EDUCATION

The departments and committees are responsible for carrying out delegated peer review and quality improvement functions. They may counsel, educate, issue letters of warning or censure, or institute retrospective or concurrent monitoring (so long as the practitioner is only required to provide reasonable notice of admissions and procedures and respond to questions) in the course of carrying out those functions without initiating formal corrective action. Comments, suggestions, and warnings may be issued orally or in writing. The practitioner shall be given an opportunity to respond in writing and may be given an opportunity to meet with the department or committee. Any informal actions, monitoring, or counseling shall be documented in the member's file. Medical Executive Committee approval is not required for such actions, although the actions shall be reported to the Medical Executive Committee. Such actions shall not constitute a restriction of privileges or grounds for any formal hearing or appeal rights under Article VIII.

7.2 SUMMARY RESTRICTION OR SUSPENSION

7.2-1 CRITERIA FOR INITIATION

The Chief of Staff or designee, the Medical Executive Committee, or the Chair of the Department or designee of the department in which the member holds privileges may summarily restrict or suspend the Medical Staff membership or clinical privileges of such member if it is reasonably believed that failure to take that action may result in an imminent danger to the health of any individual, including but not limited to future Health System or clinic patients. Unless otherwise stated, such summary restriction or suspension shall become effective immediately on imposition and the person or body responsible shall promptly give written notice or verbal notice to the member. The summary restriction or suspension may be limited in scope or duration and shall remain in effect for the period stated, or if none, until resolved as set forth herein. Unless otherwise indicated by the terms of the summary restriction or suspension, the member's patients shall be promptly assigned to another member by the responsible Chair of the Department or by the Chief of Staff, considering where feasible, the wishes of the patient in the choice of a substitute member. Unless an investigation of the suspended member is already underway at the time the summary suspension or restrictions imposed, the imposition of a summary suspension shall constitute a request for a corrective action investigation pursuant to this Article.

Within three working days of imposition of a summary restriction suspension, the affected Medical Staff member, Chief Executive Officer and Board of Trustees shall be provided with written notice of such action, including a statement of facts supporting it.

As soon as practicable after such summary restriction or suspension has been imposed, a meeting of the Medical Executive Committee shall be convened to review and consider the action. The member shall be required to attend such meeting and respond to questions on such terms and conditions as the Medical Executive Committee may impose. If the member fails to attend or respond to questions, the member shall be automatically suspended until the member attends and responds to the questions asked. In no event shall any meeting of the Medical Executive Committee, with or without the member, constitute a "hearing" within the meaning of Article VIII, nor shall any of Article VIII procedural rules apply. The Medical Executive Committee shall determine whether the summary restriction or suspension should be continued and may modify, continue, or terminate the summary restriction or suspension, but in any event, it shall furnish the member with written notice of its decision.

7.2-4 PROCEDURAL RIGHTS

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

Unless the Medical Executive Committee promptly terminates the summary restriction or suspension before it constitutes ground for a hearing, the member shall be entitled to the procedural rights to the extent provided under Article VIII.

7.2-5 INITIATION BY BOARD OF TRUSTEES

If none of the persons described above in Section 7.2-1 is available to impose a summary restriction or suspension, the Board of Trustees, or designee, may take such action if it is reasonably believed that a failure to do so is likely to result in an imminent danger to the health or safety of any person, including but not limited to future Health System or clinic patients. Prior to taking such action, the Board or designee must make reasonable attempts to contact the Chief of Staff or designee. Such a suspension is subject to ratification by the Medical Executive Committee. If the Medical Executive Committee does not ratify the Board's action within two working days, excluding weekends and holidays, the action shall terminate automatically. If the Committee does ratify the Board's action, all other provisions under Section 7.2 of these bylaws will apply. In this event, the date of imposition of the summary action shall be considered to be the date of ratification by the Medical Executive Committee for purposes of compliance with notice and hearing requirements.

- c. Probation: Whenever a member is placed on probation by the applicable licensing or certifying authority, his/her membership status and clinical privileges shall automatically become subject to the same terms and conditions of the probation as of the date such action becomes effective and throughout its term.

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

If clinical privileges require the member have a DEA certificate or require a DEA with all or certain scheduled substances, and if a member with those clinical privileges has a DEA certificate that limits, restricts or does not have the required scheduled substances, those clinical privileges automatically shall be revoked as of the day the DEA was so limited, restricted or no longer had the required schedules.
- b. Probation: Whenever a member's DEA certificate is subject to probation, the member's right to prescribe such medications shall automatically become subject to the same terms of the probation, as of the date such action becomes effective and throughout its term.

7.3-3 CONVICTION OF A FELONY

When the Medical Executive Committee becomes aware that a member has been convicted of a felony, the Medical Executive Committee shall immediately automatically terminate the member's membership and clinical privileges. A conviction includes a plea of "guilty," "no contest" or its equivalent to a felony in any jurisdiction. Such termination shall be effective immediately upon such criminal conviction or plea regardless of whether an appeal is filed.

- b. Whenever a member removes any patient record from the Health System without permission, the member's privileges (except with respect to patients already in the Health System) shall, after written warning to return the records within twenty-four (24) hours, be automatically suspended if all records are not returned in that period. The suspension shall remain in effect until the Chief of Staff or designee is satisfied that all records have been returned.

All Medical Staff members and APPs shall maintain professional liability insurance as required in these Bylaws. | Members and APPs shall give immediate written notice to the Medical Staff Services Department of any lapse, cancellation, termination, or other change in the amount or scope of their professional liability insurance coverage. Regardless of whether such notice is given, failure to maintain professional liability insurance, in the amounts established by these Bylaws, shall result in immediate and automatic suspension of a member's privileges. If the individual has the required professional liability insurance except that it does not include all of the member's privileges, only the privileges that are not fully covered will be automatically suspended. To have the automatically suspended privileges reinstated, the individual must provide proof of continuous coverage for the period of time during which the member or APP had allowed his or her coverage to lapse. If evidence of such coverage is not provided within sixty (60) days after the date the automatic suspension became effective the individual's clinical privileges and Medical Staff, or APP membership shall automatically terminate. At any time, the Medical Staff can require that a member or APP with clinical privileges promptly provide evidence of coverage. If evidence of coverage is not promptly provided, all of the clinical privileges of that individual who did not provide evidence of professional liability coverage will be automatically suspended pending receipt of evidence of coverage and verification of it, subject to the foregoing automatic termination if evidence of coverage is not provided within sixty (60) days after the automatic suspension became effective. The failure to give notice of cancellation, termination or other change in coverage shall be independent grounds for corrective action under section 7.1-2. Suspension or deemed resignation under this section shall not give rise to hearing rights under Article VIII.

7.3-7 EXCLUSION FROM FEDERAL HEALTH CARE PROGRAM

Whenever a practitioner is excluded from any federal health care program and becomes an ineligible person, the event shall result in an immediate suspension of practice in the Health System and automatic termination of Medical Staff membership and clinical privileges.

7.3-8 FAILURE TO FOLLOW MEDICAL STAFF BYLAWS, RULES AND REGULATIONS, AND/OR POLICIES

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

Failure to follow Medical Staff Bylaws, Rules and Regulations, and/or policies may result in automatic suspension of Medical Staff clinical privileges as described in the **Medical Staff Progressive Discipline Guideline** and other Medical Staff policies.

7.3-9 FAILURE TO PROVIDE REQUIRED INFORMATION OR DOCUMENTS

- a. Members are expected to cooperate with Medical Staff committees and representatives in the discharge of their official functions. This includes but is not limited to responding promptly and appropriately to correspondence and providing requested information and documents. Failure to respond and/or failure to provide required information or documents within thirty (30) days after the date the information or documents were requested shall result in an automatic suspension of all clinical privileges until such time as the required information or documents are received by the Medical Staff; provided, however if the required information is not produced within thirty (30) days after the automatic suspension, the lack of response will be considered a voluntary resignation. If the member submits a response that fails or refuses to respond to questions asked in the request for information or fails to provide all of the requested documents, the response will be treated as a failure to respond in accordance with this Section 7.3-9. If a practitioner submits documented good cause for needing additional time to respond, the Chief of Staff or Chair of the Committee or Department that requested the documents may grant an extension to respond.
- b. Members are also required to submit to mental and/or physical examinations, as requested by the Medical Staff Chief of Staff or the Medical Executive Committee, for the purpose of resolving issues of fitness to perform mental or physical functions associated with the practitioner's privileges or related issues of reasonable accommodation. Failure to have the required evaluations and provide the results to the Medical Staff within thirty (30) days, unless excused for documented good cause, shall result in an automatic suspension of all clinical privileges until such time as the required information or documents are received by the Medical Staff; provided, however if the required information is not produced within thirty (30) days after the automatic suspension, the lack of response will be considered a voluntary resignation. 4. Information related to professional liability coverage, claims and/or actions.

7.3-10 FAILURE TO PAY DUES/ASSESSMENTS

Failure without good cause as determined by the medical executive committee, to pay dues or assessments, as required pursuant to these Bylaws, shall result in the automatic suspension of a member's clinical privileges, and if within (three months) after written warnings of the delinquency the member does not pay the required dues or assessments, the member's membership shall be automatically terminated.

7.3-11 LOSS OF ALTERNATE COVERAGE

Each practitioner must at all times have at least one covering practitioner. The covering practitioner must have substantially the same clinical privileges as the individual who is being covered and agree to provide coverage for all of the patients of the practitioner for whom coverage is being provided. At any time, the Medical Staff can require that a practitioner with clinical privileges immediately provide the name of his/her covering practitioner. If a practitioner fails to promptly provide this information or the covering practitioner fails to confirm that s/he has agreed to provide coverage, all of the clinical privileges of the practitioner who cannot document coverage by another practitioner will be automatically suspended pending the Medical Staff's receipt of coverage information and verification of the required coverage subject to the automatic resignation provisions of Section 7.3-11.

The Department Chair, Chief of Staff or a designee may recommend and the Chief Executive Officer may agree that an applicant who is applying for temporary privileges to meet an important patient care be excused from securing coverage for such temporary privileges.

7.3-12 EXCLUSIVE CONTRACTS

A practitioner's clinical privileges shall be deemed automatically resigned to the extent such privileges are the subject of an exclusive contract if such practitioner is no longer affiliated with the group which has the exclusive contract; provided, however, if a new group has been selected and the practitioner shall be providing services in affiliation with the new group, then the practitioner's clinical privileges shall not be deemed automatically resigned.

7.3-13 AUTOMATIC ACTIONS

a. Automatic Resignation

Unless a duration is otherwise specified in a sub-section of this Section 7.3, if privileges are automatically suspended for sixty (60) consecutive days, the practitioner automatically shall be deemed to have resigned from the Medical Staff. Thereafter, reinstatement to the Medical Staff shall require completion of an

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

application and compliance with the appointment procedures applicable to new applicants. A practitioner whose membership or clinical privileges are automatically suspended or who is deemed automatically resigned or terminated shall not be entitled to the hearing and appeal rights under the Bylaws unless the automatic suspension, automatic resignation or automatic termination is reportable under California Business and Professions Code 805.

- b. There shall be no hearing rights under Article VIII for automatic actions affecting a member's Medical Staff membership, status or clinical privileges pursuant to this Section 7.3 unless the automatic suspension, automatic resignation or automatic termination is reportable under California Business and Professions Code 805. However, the practitioner may be given an opportunity to be heard by the Medical Executive Committee related solely to the question whether grounds exist for the special action as described above, and the Medical Executive Committee shall reverse any action that was based on a material mistake of fact as to the existence of the grounds for such special action. Notwithstanding the foregoing, any additional corrective action taken or recommended by the Medical Executive Committee on a discretionary basis under this Section 7.3 shall be subject to hearing rights to the extent provided by Article VIII.

7.3-14 MEMBER OBLIGATIONS

The limitations described above shall take effect automatically as of the date of the underlying action or event, regardless of whether the member provides notice thereof to the Medical Staff Services Department. The Medical Executive Committee may require the member to provide additional information concerning the above described actions or events, and a failure of the member to provide such information may extend the special actions listed above, even though the underlying limitation may have been removed. A Member's failure to observe the limitations of this section shall be grounds for corrective action, provided, however, a member comply with an automatic suspension or limitation of clinical privileges shall result in the automatic termination of the member's membership and clinical privileges.

7.4 INITIATION OF CORRECTIVE ACTION BY BOARD OF TRUSTEES

If the Medical Executive Committee decides not to conduct an investigation or otherwise initiate corrective action proceedings as set forth above, the matter shall be subject to review by the Board of Trustees. The Board of Trustees may concur in the Medical Executive Committee's decision or, if the Board of Trustees reasonably determines the Medical Executive Committee's decision to be contrary to the weight of the evidence presented, the

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

Board of Trustees may consult with the Chief of Staff and thereafter direct the Medical Executive Committee to conduct an investigation or otherwise initiate corrective action proceedings. In the event the Medical Executive Committee fails to take action in response to a directive from the Board of Trustees, the Board of Trustees may, after written notification to the Medical Executive Committee, conduct an investigation or otherwise initiate corrective action proceedings on its own initiative. Any such proceedings shall afford the member the rights to which he or she is entitled under these Bylaws and applicable law. The decision following such proceedings shall be the final decision of the Health System.

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

ARTICLE VIII

8.1 GENERAL PROVISION HEARINGS AND APPELLATE REVIEWS

8.1-1 INTENT

The intent of these hearing and appellate review procedures is to provide for a fair review of decisions that adversely affect applicants or members (as described below) and at the same time to protect the peer review participants from liability. It is further the intent to establish flexible procedures, which do not create burdens that will discourage the Medical Staff and Board of Trustees from carrying out peer review. Accordingly, discretion is granted to the Medical Staff and Board of Trustees to create a hearing process which provides for the least burdensome level of formality in the process while still providing a fair review and to interpret these Bylaws in that light. The Medical Staff, Board of Trustees, and their officers, committees and agents hereby constitute themselves as peer review bodies under the Federal Health Care Quality Improvement Act of 1986 and the California peer review hearing laws and claim all privileges and immunities afforded by the federal and state laws.

8.1-2 EXHAUSTION OF REMEDIES

If adverse action described in Section 8.2 is taken or recommended, the applicant or member must exhaust the remedies afforded by these Bylaws before resorting to legal action.

8.1-3 INTRA-ORGANIZATIONAL REMEDIES

The hearing and appeal rights established in these Bylaws are strictly “judicial” rather than “legislative” in structure and function. The Judicial Review Committees have no authority to adopt or modify rules and standards or to decide questions about the merits or substantive validity of Bylaws, Rules or policies. However, the Board of Trustees may, at its discretion, entertain challenges to the merits or substantive validity of Bylaws, Rules and Regulations or policies and decide those questions. If the only issue in a case is whether a Bylaw, Rule and Regulation or policy is lawful, the member is not entitled to a hearing or appellate review. In such cases, the member must submit his challenges first to the Board of Trustees. The Board shall consult with the Medical Executive Committee before taking final action regarding the Bylaw, Rule or policy involved. All actions concerning any Bylaw, Rule or policy must conform to the requirements and processes specified in these Bylaws.

8.1-4 APPLICATION OF ARTICLE

- a. For purposes of this Article, the term "member" may include "applicant", as it may be applicable under the circumstances.
- b. If a recommendation is made by the Board of Trustees, rather than the Medical Executive Committee, then the provisions of this Article applicable to the Medical Executive Committee, shall apply to the Board of Trustees.

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

- c. Medical disciplinary cause or reason (“MDCR”) means and refers to disciplinary action or recommendation based upon an aspect of a practitioner’s competence or professional conduct which is reasonably likely to be detrimental to patient safety or to the delivery of patient care.

8.1-5 SUBSTANTIAL COMPLIANCE

Technical, insignificant, or non-prejudicial deviations from the procedures set forth in these Bylaws shall not be grounds for invalidating the action taken or recommended.

8.2 GROUNDS FOR HEARING

Except as otherwise specified in these Bylaws, Rules and Regulations or policies, any one or more of the following actions or recommended actions, if taken for medical disciplinary cause or reason, shall be deemed grounds for a hearing:

- a. Denial of Medical Staff membership, reappointment and/or Clinical Privileges.
- b. Revocation or termination of Medical Staff membership,
- c. Revocation or reduction of Clinical Privileges.
- d. Significant restriction of Clinical Privileges (except for FPPE incidental to Provisional status, new privileges, insufficient activity, or return from leave of absence) for cumulative total of thirty (30) days or more in a twelve (12) month period.
- e. Suspension of Medical Staff membership and or Clinical Privileges for more than fourteen (14) days.
- f. Any other disciplinary action or recommendation that must be reported according to state law to the Medical Board of California or the California Board of Osteopathic Examiners.
- g. No actions or recommendations except those described above shall entitle the Practitioner to request a hearing as described in this Article

8.3 REQUESTS FOR HEARING

8.3-1 NOTICE OF ACTION OR PROPOSED ACTION

In all cases in which action has been taken or a recommendation made as set forth in Section 8.2, said person or body shall give the member prompt notice of the recommendation or action including the following information.

- a. A description of the action or recommendation.
- b. A brief statement of the reasons for the action or recommendation.

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

- c. A statement that the Practitioner may request a hearing.
- d. A statement of the time limit within which a hearing may be requested.
- e. A summary of the Practitioner's rights at a hearing.
- f. Whether the action or recommendation must be reported to the Medical Board of California and/or the National Practitioner Data Bank,

8.3-2 REQUEST FOR HEARING

The member shall have thirty (30) days following receipt of notice of such action to request a hearing. The request shall be in writing addressed to the Chief of Staff pursuant to Section 14.6 of these Bylaws and must be received by the Medical Staff Services Department within the thirty (30) day period. In the event the member does not request a hearing within the time and in the manner described, the member shall be deemed to have waived any right to a hearing and accepted the recommendation or action involved. Said action shall thereupon become the final action of the Medical Staff. The Board of Trustees shall approve the final action of the Medical Staff if it is supported by substantial evidence. If the Board of Trustees, after consulting with the Medical Executive Committee, is inclined to take action against the Practitioner that is more adverse than the action recommended by the Medical Staff, the Practitioner shall be so notified and given an opportunity for a hearing based on "an adverse action by the Board of Trustees," as provided in Section 8.3-8.

8.3-3 TIME AND PLACE FOR HEARING

On receipt of a request for hearing, the Chief of Staff shall schedule a hearing and, within thirty (30) days (but in no event less than thirty (30) days prior to the hearing) give notice to the member of the time, place and date of the hearing. Unless extended by the Hearing Officer or the mutual agreement of the Medical Staff and practitioner, the date of the commencement of the hearing shall be not less than thirty (30) days, nor more than sixty (60) days from the date of receipt of the request by the Medical Executive Committee for a hearing. The hearing is deemed to commence upon the initial voir dire of the Judicial Review Committee.

8.3-4 NOTICE OF CHARGES

Together with the notice of hearing, the Medical Executive Committee shall state clearly and concisely in writing the reasons for the adverse action taken or recommended, including the acts or omissions with which the member is charged and a list of the charts in question, where applicable. The notice of charges may be supplemented or amended at any time prior to the issuance of the Judicial Review Committee's decision, provided the member is afforded a fair and reasonable opportunity to respond.

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

8.3-5 JUDICIAL REVIEW COMMITTEE

- a. When a hearing is requested, the Chief of Staff shall appoint a Judicial Review Committee which shall be composed of not less than three (3) members of the Medical Staff and alternates as needed who shall gain no direct financial benefit from the outcome and who have not acted as accusers, investigators, fact-finders or initial decision-makers, and otherwise not have actively participated in the consideration of the matter leading up to the recommendation or action. Knowledge of the matter involved shall not preclude a member of the Medical Staff from serving as a member of the Judicial Review Committee. Practice in the same specialty as the Member under review, in and of itself, shall not be presumed to create bias or a direct financial benefit in the outcome of the hearing. In the event that it is not feasible to appoint a Judicial Review Committee from the Medical Staff, the Medical Executive Committee may appoint practitioners who are not members of the Medical Staff. Such appointment shall include designation of the Chair. If feasible, membership on a Judicial Review Committee shall consist of one member who shall have the same healing arts licensure as the accused. Where feasible, one Judicial Review Committee member shall practice the same specialty as the member. The same Judicial Review Committee member may satisfy both the aforementioned provisions. All other members shall have M.D. or D.O. degree. For purposes of this Section 8.3-5, it shall not be deemed feasible and shall be deemed prohibitive if it would be necessary to pay a practitioner in order to have a Judicial Review Committee member in the same healing arts licensure and/or same specialty.
- b. A majority of the Judicial Review Committee must be present throughout the hearing. In unusual circumstances when a Committee member must be absent from any part of the proceedings, he or she shall not be permitted to participate in the deliberations or the decision unless and until he or she has read the entire transcript of the portion of the hearing from which he or she was absent.

As an alternative to the Judicial Review Committee described in Section 8.3-5a, the Chief of Staff shall have the discretion to have the hearing held before an arbitrator or arbitrators selected by a process mutually acceptable to the Member and the Medical Executive Committee. In such case the arbitrator(s) shall have the powers and authority of a Judicial Review Committee and Hearing Officer as described herein.

8.3-6 FAILURE TO APPEAR

Failure without good cause of the member to personally attend or to proceed in an efficient and orderly manner shall be deemed to constitute a waiver of hearing rights and a voluntary acceptance of the recommendations or actions involved. Good cause shall be determined by the Judicial Review Committee or the arbitrator, provided, however, if the failure to proceed is before a hearing panel has been approved, the hearing officer may order an expedited voir dire and the failure to attend the voir dire without documented good cause for such failure to attend shall be deemed a waiver of the right to voir dire and acceptance of the proposed judicial review committee. The

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

practitioner's voluntary acceptance of an action or recommendation pursuant to this provision shall be presented for consideration by the Board of Trustees, and the matter will be addressed in the same manner as a waiver of hearing rights.

8.3-7 POSTPONEMENTS AND EXTENSIONS

Once a request for hearing is initiated, postponements and extensions of time beyond the times permitted in these Bylaws may be permitted by the Hearing Officer within his or her discretion, upon a showing of good cause.

8.3-8 ADVERSE ACTION BY THE BOARD OF TRUSTEES

If the hearing is based upon an adverse action by the Board of Trustees, the Chair of the Board of Trustees shall fulfill the functions assigned in this Article to the Chief of Staff. The procedure may be modified as warranted under the circumstances, but the practitioner shall have all of the same rights to a fair hearing

8.4 HEARING PROCEDURE

8.4-1 VOIR DIRE

The Practitioner shall have the right to a reasonable opportunity to voir dire the Judicial Review Committee members and the hearing officer, and the right to challenge the appointment of any member or the hearing officer. The hearing officer shall establish the procedure by which this right may be exercised, which may include reasonable requirements that voir dire questions be proposed in writing in advance of the hearing and that the questions be presented by the hearing officer. The hearing officer shall rule on any challenges in accordance with applicable legal principles defining standards of impartiality for hearing panels and hearing officers in proceedings of this type.

8.4-2 PREHEARING PROCEDURE

- a. Each party may inspect and copy (at its own expense) any documentary information relevant to the charges that the other party has in its possession or under its control. The requests for discovery shall be fulfilled as soon as practicable. Failure to comply with reasonable discovery requests at least thirty (30) days prior to the hearing shall be good cause for the Hearing Officer to grant a continuance of the hearing.
- b. The parties must exchange all documents that will be introduced at the hearing at least ten (10) days prior to the hearing. A failure to comply with this rule is good cause for the Hearing Officer to grant a continuance. Repeated failures to comply shall be good cause for the Hearing Officer to limit the introduction or use of any documents not provided to the other side in a timely manner or to refer a repeated failure to the Judicial Review Committee to determine if it constitutes a failure to proceed.

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

- c. It shall be the duty of the parties to exercise reasonable diligence in notifying the Hearing Officer of any pending or anticipated procedural disputes as far in advance of the scheduled hearing as possible, in order that decisions concerning such matters may be made in advance of the hearing. The parties shall be entitled to file motions or otherwise request rulings as deemed necessary to give full effect to rights established by the Bylaws and to resolve such procedural matters as the Hearing Officer determines may properly be resolved outside the presence of the full Judicial Review Committee. All such motions or requests, the arguments presented by both parties, and rulings thereon shall be reflected in the hearing record in a manner deemed appropriate by the Hearing Officer.
- d. The Hearing Officer shall rule on discovery disputes that the parties cannot resolve. Discovery may be denied or safeguards may be imposed when justified to protect peer review or in the interest of fairness and equity. Further, the right to inspect and copy by either party does not extend to confidential information referring to individually identifiable practitioners other than the member under review, nor does it create or imply any obligation to modify or create documents in order to satisfy a request for information.

In ruling on discovery disputes, the factors that may be considered include:

- (a) whether the information sought may be introduced to support or to defend against the charges;
 - (b) whether the information is “exculpatory” in that it would dispute or cast doubt upon the charges or “inculpatory” in that it would prove or help support the charges and/or recommendation;
 - (c) the burden imposed on the party in possession of the information sought, if access is granted; and
 - (d) any previous requests for access to information submitted or resisted by the parties to the same proceeding.
- e. Not less than fifteen (15) days prior to the hearing, each party shall furnish to the other a written list of the names and addresses of the individuals, so far as is then reasonably known or anticipated, who are expected to give testimony or evidence in support of that party at the hearing. Nothing in the foregoing shall preclude the testimony of additional witnesses whose possible participation was not reasonably anticipated. The parties shall notify each other as soon as they become aware of the possible participation of such additional witnesses. Failure to provide the name of any witness at least ten (10) days prior to the hearing date at which the witness is to appear shall constitute good cause for a continuance.

8.4-3 REPRESENTATION

The hearings provided for in these Bylaws are for the purpose of intra-professional resolution of matters bearing on professional conduct, professional competency, or character. Neither the member nor the Medical Executive Committee shall be represented at the hearing by an attorney at law. The member shall be entitled to be accompanied by and represented at the hearing only by a practitioner licensed to

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

practice in the State of California who is not also an attorney at law. The Medical Executive Committee shall appoint a representative or representatives who is/are not attorney(s) to present its action or recommendation, the materials in support thereof, examine witnesses, and respond to appropriate questions. The foregoing shall not be deemed to deprive any party of its right to be represented by legal counsel for the purpose of preparing for the hearing.

8.4-4 THE HEARING OFFICER

The Chief Executive Officer or designee shall appoint a Hearing Officer to preside at the hearing. The Hearing Officer shall be an attorney at law qualified to preside over a quasi-judicial hearing, but an attorney regularly utilized by the Health System for legal advice regarding its affairs and activities shall not be eligible to serve as Hearing Officer. The Hearing Officer shall not be biased for or against either party, shall gain no direct financial benefit based on the outcome of the proceedings (payment for the Hearing Officer's services does not constitute a direct financial benefit) and must not act as a prosecuting officer or as an advocate. The Hearing Officer shall endeavor to assure that all participants in the hearing have a reasonable opportunity to be heard and to present relevant oral and documentary evidence in an efficient and expeditious manner, and that proper decorum is maintained. The Hearing Officer shall be entitled to determine the order of or procedure for presenting evidence and argument during the hearing and shall have the authority and discretion to make all rulings on questions which pertain to matters of law, procedure or the admissibility of evidence. If the Hearing Officer determines that either side in a hearing is not proceeding in an efficient and expeditious manner, the Hearing Officer may take such discretionary action as seems warranted by the circumstances. The Hearing Officer shall participate in the deliberations of the Judicial Review Committee and be a legal advisor to it, but the Hearing Officer shall not be entitled to vote.

8.4-5 RECORD OF THE HEARING

A shorthand reporter shall be present to make a record of the hearing proceedings and the pre-hearing proceedings if deemed appropriate by the Hearing Officer. The cost of attendance of the shorthand reporter shall be borne by the Health System, but the cost of the transcript, if any, shall be borne by the party requesting it. The Judicial Review Committee may, but shall not be required to, order that oral evidence shall be taken only on oath administered by any person lawfully authorized to administer such oath.

8.4-6 ATTENDANCE

Except as otherwise provided in these Bylaws and subject to reasonable restriction by the hearing officer, the following shall be permitted to attend the entire hearing in addition to the hearing officer, the court reporter, and the parties and their hearing representatives: The Medical Staff Coordinator(s), one or more key consultants for each party, one or more key witnesses for each party, and the Chief of Staff or his or her designee. An individual shall not be excluded from attending any portion of the hearing solely by reason of the possibility or expectation that he or she will be a witness for one of the parties.

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

8.4-7 RIGHTS OF THE PARTIES

Within reasonable limitations and so long as these rights are exercised in an efficient and expeditious manner, both parties may call and examine witnesses for relevant testimony, introduce relevant exhibits or other documents, cross-examine or impeach witnesses who shall have testified orally on any matter relevant to the issues, rebut evidence, receive all information made available to the Judicial Review Committee, and submit a written statement. The member may be called by the Medical Executive Committee and examined as if under cross-examination.

8.4-8 MISCELLANEOUS RULES

Judicial rules of evidence and procedure relating to the conduct of the hearing, examination of witnesses, and presentation of evidence shall not apply to a hearing conducted under this Article. Any relevant evidence, including hearsay, shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the admissibility of such evidence in a court of law. The Judicial Review Committee may interrogate the witnesses or call additional witnesses if it deems such action appropriate. The Hearing Officer shall also have discretion to ask questions of witnesses if he or she deems it appropriate for clarification or efficiency. At its discretion, the Judicial Review Committee may request both sides to file written arguments.

8.4-9 BURDENS OF PRESENTING EVIDENCE AND PROOF

- a. At the hearing, the Medical Executive Committee shall have the initial duty to present evidence for each case or issue in support of its action or recommendation. The member shall be obligated to present evidence in response.
- b. If the practitioner is an initial applicant for Medical Staff membership and privileges, the applicant shall bear the burden of persuading the Judicial Review Committee by a preponderance of the evidence of his/her qualifications for Medical Staff membership and clinical privileges by producing information which allows for adequate evaluation and resolution of reasonable doubts concerning their current qualifications. Initial applicants shall not be permitted to introduce information not produced on request of any committee or person on behalf of the Medical Staff during the application process unless the applicant establishes that the information could not have been produced previously in the exercise of reasonable diligence. This provision shall not be construed to compel the Medical Staff to act on, or to afford an applicant a hearing regarding, an incomplete application.
- c. Except as provided for initial applicants for membership and/or privileges, the Medical Executive Committee shall bear the burden of persuading the Judicial Review Committee, by a preponderance of the evidence, that its action or recommendation is reasonable and warranted. The term “reasonable and warranted” means within the range of reasonable and warranted alternatives open to the Medical Executive Committee, as a matter of discretion, and not necessarily

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

the only or best action or recommendation that could be formulated in the opinion of the Judicial Review Committee.

8.4-10 ADJOURNMENT AND CONCLUSION

After consultation with the Chair of the Judicial Review Committee, the Hearing Officer may adjourn the hearing and reconvene the same without special notice at such times and intervals as may be reasonable and warranted, with due consideration for reaching an expeditious conclusion to the hearing. Both the Medical Executive Committee and the member may submit a written statement at the close of the hearing. On conclusion of the presentation of oral and written evidence, or the receipt of closing written arguments, if submitted, the hearing shall be closed.

8.4-11 BASIS FOR DECISION

The decision of the Judicial Review Committee shall be based on the evidence introduced at the hearing, including all logical and reasonable inferences from the evidence and the testimony. The decision of the Judicial Review Committee shall be final, subject to the provisions of Section 8.5 hereof.

8.4-12 DECISION OF THE JUDICIAL REVIEW COMMITTEE

Within thirty (30) days after final adjournment of the hearing, the Judicial Review Committee shall render a decision which shall be accompanied by a report in writing and shall be delivered to the Medical Executive Committee. For purposes of this section, the hearing shall be finally adjourned upon the Judicial Review Committee's completion of its deliberations. A copy of said decision shall also be forwarded to the Chief Executive Officer, the Chief Medical Officer, the Medical Executive Committee, the Chief of Staff, the Board of Trustees, and to the member. The report shall contain the Judicial Review Committee's findings of fact and a conclusion articulating the connection between the evidence produced at the hearing and the decision reached. The decision of the Judicial Review Committee shall be considered final, subject only to such rights of appeal or review as described in these Bylaws.

8.5 APPEAL

The process for appeal to the Board of Trustees from the decision of a Judicial Review Committee is set forth in the Bylaws of the Board of Trustees as well as in these Bylaws of the Medical Staff. In the event of any conflict between Board of Trustees Bylaws and the Medical Staff Bylaws as to the appellate process described in this Section 8.5, these Bylaws shall control.

a. Time for Appellate Review

Within thirty (30) days after receipt of the decision of the Judicial Review Committee, either the member, or the Medical Executive Committee, (or the Board of Trustees, if applicable based upon the action of the Board of Trustees having recommended or imposed the adverse action), may request an Appellate Review hearing ("Appellate Review"). A written request for Appellate Review

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

shall be delivered to the Chief of Staff, the Chief Executive Officer, and to either the member, the Medical Executive Committee, or the Board of Trustees, as applicable. If such a request for Appellate Review is not received within such period, that Judicial Review Committee decision shall thereon become final, subject only to review by the Board of Trustees.

It shall be the obligation of the party requesting an appellate review to produce the record of the Judicial Review Committee's proceedings ("Appellate Record"). If the Appellate Record is not produced within fifteen (15) days following the request for Appellate Review, appellate rights shall be deemed waived. The Appellate Record shall consist of at least the following: the decision of the Judicial Review Committee; the request for Appellate Review; a complete transcript of the hearing below, including opening and closing statements, testimony, and any oral arguments made outside the presence of the Judicial Review Committee; all documentary exhibits received into evidence; the Hearing Officer's record of correspondence and other documentation regarding procedural matters; any documentary exhibits that were offered into evidence but excluded by the Hearing Officer; and any written statements or arguments submitted by the parties for consideration by the Hearing Officer or Judicial Review Committee. The party requesting Appellate Review shall produce the Appellate Record in a format and in such numbers as may be specified by the Board of Trustees.

b. Grounds for Appellate Review

A written request for an appeal shall include an identification of the grounds for the appeal and a clear and concise statement of the facts in support of the appeal. The grounds for appeal from the hearing shall be:

1. substantial noncompliance with the standards or procedures required by these Bylaws, or applicable law, which has created demonstrable prejudice;
2. the decision was arbitrary or capricious;
3. the Judicial Review Committee's findings did not support the Judicial Review Committee's decision;
4. the Judicial Review Committee's failure to sustain an action or recommendation of the Medical Executive Committee that, based on the evidence, was reasonable and warranted; or
5. the decision was inconsistent with applicable law.

c. Appeal Board

The Board of Trustees shall determine the composition of the Appeal Board, consistent with the provisions of these Bylaws and the Board of Trustees Bylaws. Knowledge of the matter involved shall not preclude any person from serving as a

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

member of the Appeal Board so long as that person did not take part in a prior hearing on the action or recommendation being challenged. The Appeal Board may select an attorney to assist it in the proceeding, but that attorney shall not be entitled to vote with respect to the appeal.

d. **Time, Place and Notice**

If an Appellate Review is to be conducted, the Appeal Board shall give notice, consistent with the provisions of these Bylaws and the Board of Trustees Bylaws.

e. **Appellate Review Procedure**

The Appellate Review shall be in the nature of an appellate hearing based on the record of the Judicial Review Committee hearing, consistent with the provisions of these Bylaws and the Board of Trustees Bylaws. Each party shall have the right to be represented by legal counsel in connection with the Appellate Review, to present a written statement in support of his/her/its position on appeal and to personally appear and make oral argument. However, the Appeal Board may accept additional oral or written evidence, subject to a foundational showing that such evidence could not have been made available to the Judicial Review Committee in the exercise of reasonable diligence, and subject to the same rights of cross-examination or confrontation that are provided at a hearing. The Appeal Board shall also have the discretion to remand the matter to the Judicial Review Committee for the taking of further evidence or for clarification or reconsideration of the Committee's decision. In such instances, the Judicial Review Committee shall report back to the Appeal Board within such reasonable time limits as the Appeal Board imposes.

Each party shall have the right to be represented by legal counsel in connection with the Appellate Review, to present a written statement in support of his/her position on appeal and to personally appear and make oral argument, subject to such reasonable requirements as the Appeal Board may impose. After the arguments have been submitted, the appeal board shall conduct its deliberations outside the presence of the parties and their representatives. The Appeal Board, if other than the Board of Trustees, shall present to the Board of Trustees its written recommendations as to whether the Board of Trustees should affirm, modify or reverse the Judicial Review Committee decision, or remand the matter to the Judicial Review Committee for further review and decision.

f. **Decision**

The Board of Trustees shall render a decision in writing, consistent with the provisions of these Bylaws and the Board of Trustees Bylaws. The Board may affirm, reverse or modify the decision of the Judicial Review Committee, or it may remand the matter to the Judicial Review Committee for reconsideration. If the matter is remanded to the Judicial Review Committee for further review and recommendation, the Judicial Review Committee shall promptly conduct its review and make its recommendations to the Board of Trustees. This further

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

review and the time required to report back shall not exceed 30 days in duration except as the parties may otherwise agree or for good cause as jointly determined by the Board of Trustees and the Judicial Review Committee. The decision of the Board of Trustees shall constitute the final decision of the Health System. Any recommendation affirmed by the Board shall become effective immediately

8.6 RIGHT TO ONE HEARING

No member shall be entitled to more than one Judicial Review Committee hearing and one Appellate Review related to a particular adverse action or recommendation.

8.7 EXCEPTIONS TO HEARING RIGHTS

8.7-1 MEDICAL-ADMINISTRATIVE OFFICERS AND CONTRACT PHYSICIANS

The hearing rights of Article VIII do not apply to the termination of contracts for practitioners who have contracted with the Health System to provide administrative or clinical services. Recall of these practitioners from office and of any exclusive privileges held pursuant to such contracts shall instead be governed by the terms of their individual contracts and agreements with the Health System. Notwithstanding the foregoing, the hearing rights of this Article VIII shall apply if an action is taken which must be reported pursuant to Business and Professions Code Section 805.

8.7-2 AUTOMATIC SUSPENSION OR LIMITATION OF PRACTICE PRIVILEGES

Except as otherwise expressly stated in these Bylaws, any automatic action, including but not limited to an automatic suspension, termination, deemed resignation or limitation that is not reportable pursuant to Business and Professions Code to Section 805 does not invoke hearing rights as described in these Bylaws.

8.8 CHALLENGES TO RULES

The hearings provided for in this article shall not be utilized to make determinations as to the merits or substantive validity of a bylaw, rule, regulation or policy. Where the merits or substantive validity of such bylaw, rule, regulation or policy is the only issue, the Practitioner shall have direct appeal to the Medical Executive Committee. The Medical Executive Committee shall review the challenge under such procedures as it may establish and shall issue a written decision regarding the validity of the bylaw, rule, regulation or policy being challenged. The practitioner shall be entitled to appeal the decision to the Board of Trustees that shall issue a written decision. Any future challenge shall be filed in the Superior Court of the State of California, County of Alameda pursuant to California Code of Civil Procedure Section 1085.

8.9 JOINT HEARINGS AND APPEALS FOR ALAMEDA HEALTH SYSTEM MEDICAL STAFFS

If this Medical Staff and a medical staff(s) of another facility that is affiliated with

ALAMEDA HEALTH SYSTEM MEDICAL STAFF BYLAWS

Alameda Health System each have made recommendations or taken actions that are grounds for a hearing, the Medical Executive Committee may approve conducting a joint hearing, provided that (i) the procedures to be followed are jointly approved by each medical staff's medical executive committee and determined by each medical executive committee to substantially comply with the intent of Section 8.3 and 8.4, and (ii) at least one member of the judicial review committee is a member of this Medical Staff. A joint appeals process may be approved by each medical staff's medical executive committee and the Board of Trustees, provided each medical executive committee has determined the procedure will substantially comply with Section 8.5. If within ten (10) days after notice of the proposed joint hearing or joint appeal, the affected member submits to the Medical Executive Committee a written objection that demonstrates to the Medical Executive Committee hardship or unfairness that outweighs the efficiency or economy of having the joint hearing or submits to the Board of Trustees the hardship or unfairness that outweighs the efficiency or economy of a joint appeal, the Board of Trustees may determine, in its sole discretion, to have separate appeals. It shall not be deemed a hardship or unfair that the outcome affects privileges and/or membership on more than one medical staff.

8.10 ADVANCE PRACTICE PROFESSIONALS

Advance Practice Professionals are not entitled to the hearing and appeal rights under these bylaws unless required by applicable State law. APP's who are not entitled to the hearing and appeal rights under these bylaws shall be subject to the review procedures as set forth in the applicable APP rules, policies and procedures.

A member shall recuse if the member reasonably believes that the member's ability to render a fair and independent decision is or may be affected by a conflict of interest. A recused member shall not be counted in determining the quorum for that vote but may answer questions or otherwise provide information about the matter after disclosing the conflict.
