

Notice to our Patients

October 6, 2020

The health and safety of our patients is always our number one priority.

Alameda Health System is in labor negotiations with SEIU 1021 and the California Nurses Association. Their members have chosen to strike from Wednesday, October 7th to Monday, October 12th. We apologize for any inconvenience this may cause.

We have been planning extensively to ensure we can continue to deliver high quality safe care throughout the strike. We are committed to our role and responsibilities as a vital safety net provider for the communities we serve and are well prepared to meet the health care needs of our patients and residents.

While we are disappointed that the unions decided to call a strike rather than commit their energies to reaching agreement at the bargaining table, we are confident in our ability to provide quality patient care during the strike.

More information about the strike is available on our website at www.alamedahealthsystem.org/strike-updates
